

Name & Grade: _____

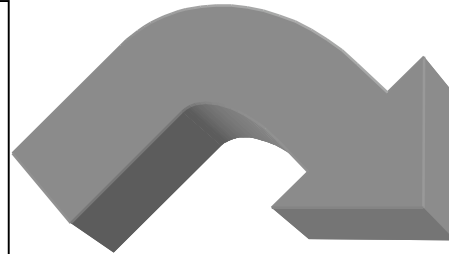

The best time to plan with me is:

Major Function 2 of MPAI and TPAI

Gathering Resources:

Could you help me evaluate and select resources on this topic?

- Books (classroom library)
- Videos
- Web sites
- School software
- Community experts
- Volunteers
- Schedule time in Media Center or lab

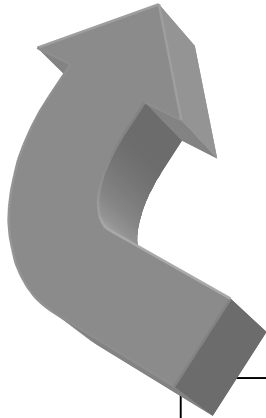

Major Function 1 of MPAI and TPAI

Designing and Delivering Instruction:

Would you work with me to

- Teach a student-centered lesson that is relevant to real-life and incorporates technology?
- Model how technology is best integrated into my content area or provide staff development?
- Help my students with research?
- Plan and team-teach or co-teach lessons that incorporate higher order thinking skills and problem solving?
- Organize and conduct interest groups or facilitate small group instruction?
- Understand the copyright issues surrounding this lesson or unit?

**Topic(s) or
Unit(s) of
Study**

Major Function 3 of MPAI and TPAI

Checking for Understanding:

I always check to determine how much my students have learned and use that information to refine and improve instruction. I prefer to use the following forms of assessment. Do you agree?

- Rubrics
- Communication Products: Web pages, electronic presentations, video, photography, models, etc. Other: _____
- Sharing information with interested community members
- Oral Presentations: Role-plays, music, skits, theatre, readings, etc.
- Peer tutoring, teaching younger classes
- Journaling, Conferencing
- Portfolio
